

❖ **What's The S.C.O.R.E.?**

The Skating Community for Opportunities in Recreation and Enrichment—The S.C.O.R.E.—is a not-for-profit all-volunteer organization created to oversee the funding, development and maintenance of the ice rink and community center to be built in Western Broome County. We are actively seeking donations in order to make our vision for the community a reality.

❖ **Our Goals: Improving our Community and Keeping Local Families Local**

Once completed, The ScoreRink and Community Center will provide a safe and healthy venue for youth after-school activities and community events, as well as recreational ice skating and competitive ice hockey games, tournaments and much more. The Center will also be a multipurpose venue for business and educational events, tradeshow, home and garden expos and various community events throughout the year.

Due to lack of available local ice time, many Southern Tier families and teams are routinely faced with traveling to Ithaca, Cortland or Syracuse for sessions, practices, “home games” and tournaments. This places an additional financial burden on local families and creates an economic drain on our community due to lost revenue on gas, restaurants and lodging.

Let's keep our families and money where they belong—right here in OUR community!
